# BHAVLEEN SINGH

## FULL STACK WEB DEVELOPER

### PERSONAL PROFILE

I am a Full Stack Web developer with experience in building websites and web applications. With a broad skill set covering important facets in the Web Development space.

### WORK EXPERIENCE

#### Full Stack Web Developer Trainee

AttainU, Remote | Jan 2020 - Present

- Worked on many small and a couple of big scale projects.
- Learned Core concepts like System Designs

#### Jr. DotNet Web Developer

Engineers India Limited, Delhi | Dec 2018 - Dec 2019

- Develop, design, and implement web form with ASP.NET
- Worked on Oracle 11g as database for the finance department with finance-related logic.
- While working on team learned Git

#### Data Analyst Associate

Competent Software, Delhi | Jan 2017 - Nov 18

- Hold the position of data analyst
- Learned basics of ASP and ADO.net from seniors and applied for a software engineer role.

### PROJECTS

#### Caring Aunt

- Design and Developed REST endpoints using EXPRESS framework for female menstrual tracking web application.
- JWT and Bcrypt were used for implementing authentication.
- Build a task scheduler using Node-Cron sending notification through Nodemailer.

#### PicHub

- Build a Social Networking Service Application to connect people, where user can create, upload and share posts with other users.
- Users can Follow/Unfollow each other and can like or comment on other's posts.
- Frontend is built over ReactJs with Material-UI for the UI layer.

#### Maze Solver

- Build a Python based command line tool to generate a path to reach the end of the maze using Argparse for parsing the input file and NSIS software for creating executable. Implemented Backtracking and DFS path finding algorithm.
